THE CAVE

Abstractly, a cave adorned with precious stones; the rigid structures of the cave's interior soften, taking on an organic essence. The once solid rock floor gradually transitions into soil, then sand, and finally earth.

The composition of the space emerged from these elements.

MATERIALS

Red tile-rock on the floor

Kourassanit- red sand on the wall and the ceiling

Free golden walls inside the space intersected by the light.

Golden dome with spiral on the ceiling

Rock as a used base for the furniture.

Raw glass-rock on the wall of the “cave”

The signage-symbol in a bright version
